

ID: XYZ_Bank-002

Summary: Customer Login > Login > Deposit> System should show the warning message "Please fill out this field with valid numbers" for filling with negative numbers.

Environment: Demo

URL: [XYZ Bank](#)

Steps to Reproduce:

1. Click on the Customer Login button
2. Click on the Your Name dropdown menu and select any name from dropdown list
3. Click on Login button.
4. Select Deposit menu on account page.
5. Type negative number inside the Amount to be Deposited field
6. Click on Deposit button

The screenshot displays the XYZ Bank Customer Dashboard. At the top, there is a navigation bar with 'Home' and 'Logout' buttons. The main header area shows 'Welcome Musammed Umme Ishmaira !!' and a dropdown menu with '1022' selected. Below this, the account details are listed: 'Account Number : 1022 , Balance : 5070 , Currency : Rupee'. There are three buttons: 'Transactions', 'Deposit' (highlighted in blue), and 'Withdrawal'. A red banner with the text 'Deposit Successful' is visible. Below the banner, the label 'Amount to be Deposited :' is followed by a text input field containing '-50000'. A red circle highlights the input field, and a red arrow points from it to a 'Deposit' button, which is also highlighted with a red box.

Actual Result:

System not showing the warning message " Please fill out this field with valid numbers".
