

ID: XYZ_Bank-001

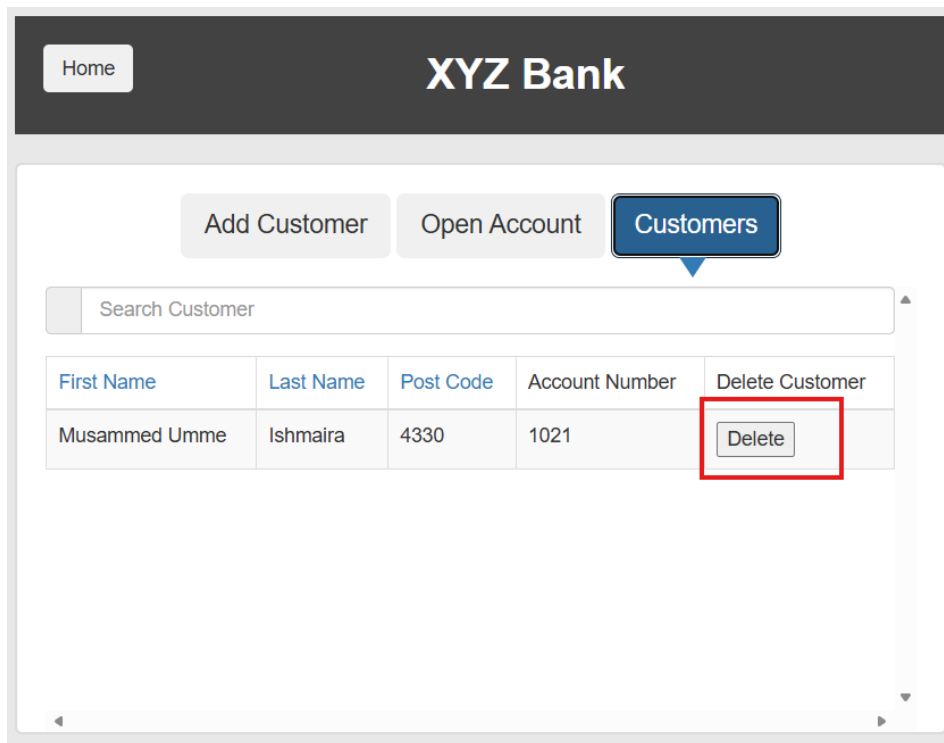

Summary: Bank Manager Login > Customers > Delete button does not verify delete conformation to prevent accidental deletion

Environment: Demo

URL: [XYZ Bank](#)

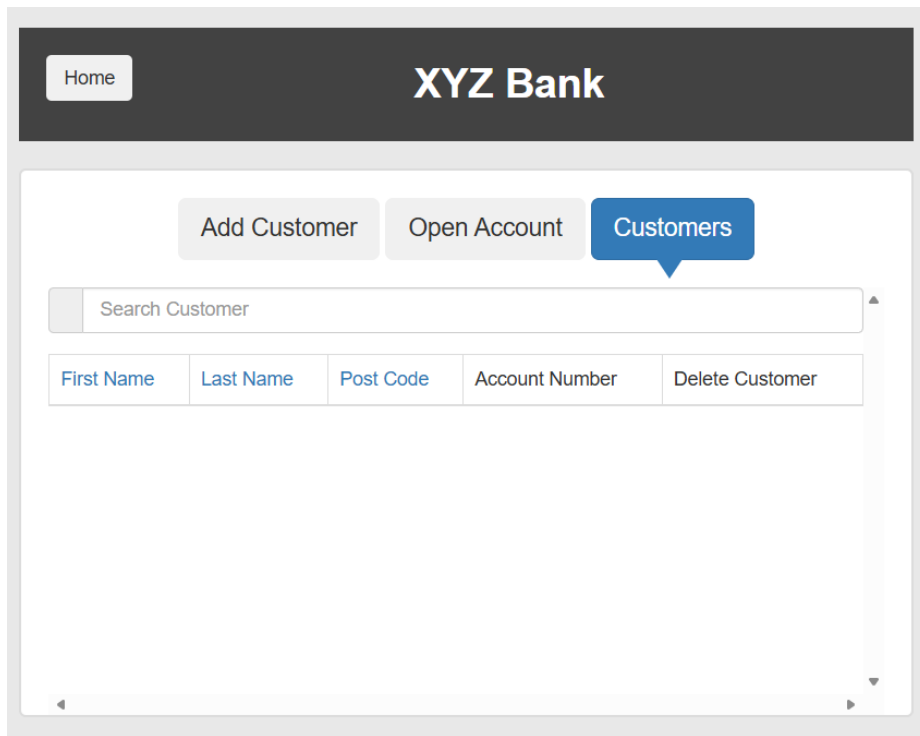

Steps to Reproduce:

1. Click on the Bank Manager Login button
2. Click on the Customers button.
3. Click on Delete button.

Actual Result:

After clicking the Delete button system doesn't verify delete confirmation and remove customer from the list.

Expected Result:

After clicking the Delete button system should first verify delete confirmation and show a message “Do you want to delete this customer?” to prevent accidental deletion.

Type: Bug

Priority: High

Status: To do
